Religious or medical medals may be taped inside the uniforms. The goalkeeper's jersey should contrast with those of both teams. Soccer cleats are encouraged (no metal or sandals).

3. **Substitutions:** Substitutions shall be made on the fly with the ball in play or at a stoppage. Players do not need to come off before the substitution comes on, but both players shall not attempt to be involved with play at the same time. The referee shall be notified when the goalkeeper is changed. A player with blood on the uniform shall exit the pitch and may not enter until the blood is removed (athletic or duct tape may be used to temporarily cover the blood as long as there can be no transfer).
